Christian Elze

Catenion GmbH / Senior Partner

E. christian.elze@catenion.com

Christian Elze is a founding partner of Catenion, a strategy consulting firm for the biotech, pharmaceutical and medical device industries based in Germany.

Christian works closely with companies, universities and governments in the field of biomedical innovation. In his work Christian is focusing on how translational research and the changing nature of biopharma innovation are re-shaping the respective roles of funding agencies, biopharma companies and academia in the research and development of new therapeutics.

Catenion is a strategy consulting firm for the biotech, pharmaceutical, and medical devices industries and its 35 consultants hold Ph.D degrees in scientific fields.

Catenion has offices in Berlin, Boston and Tokyo, and some of Catenion's clients include Roche/Genentech, Boehringer Ingelheim, Bayer, GlaxoSmithKlein, Sanofi, and Fresenius Medical Care.
